

A SPANISH WARSHIP
SANK OFF TANGIERSREINA REGENTE WENT DOWN
WITH ALL ON BOARD.

She Had a Crew of 420 Officers and Men and as Wreckage Has Come Ashore It Is Believed the Big Boat Was Lost in Mid Ocean—One of Spain's Largest Boats.

Gibraltar, March 14.—The Spanish cruiser Reina Regente is believed to have foundered off Tangier, Morocco, during the recent gale. It had a crew of 420 officers and men. Pieces of one of the ship's boats and semaphore flags are reported to have been picked up along the shore near Ceuta and Tarifa. The Reina Regente had just conveyed the returning Moorish mission to Tangier. It left that port March 10 for Cadiz and has not since been heard of. The absence of news from it is causing the greatest anxiety, and it is believed it has been lost with all hands. The cruiser Isla de Luzon of the Spanish fleet has sailed from Algiers in search of the missing cruiser.

The Reina Regente is a steel protected cruiser and was completed in 1887. Its dimensions are: Length, 320 feet; beam, 60 feet 7 inches; draught, 19-2-3 feet. It is of 4,750 tons displacement, 11,500 horsepower, and its speed is 20.6 knots. Its main armament consists of four 9.45-inch guns, one on each side forward of the superstructure and one on each side aft; six 4.72-inch guns, mounted in broadside. It has an auxiliary battery of fourteen rapid firing and machine guns, and has five torpedo tubes. Its protected deck is 4.3 inches thick on the slope, its conning tower is five inches thick, and its heavy gun shields three inches thick. It had a coal capacity of 1,150 tons. It was one of the three Spanish warships that took part in the great Columbian naval parade in New York harbor in the spring of '93, the other two having been the Nueva Espana and Infanta Isabel.

GOING TO CUBA.

The Lost Vessel Thought to Have Been on Its Way There.

Washington, March 14.—The government of Spain has been considering the advisability of increasing its naval representation in the waters of Cuba. The presence of more vessels of war in that locality is desired in order that the government may more effectually and promptly intercept filibustering expeditions. The authority for the statement is Mr. Muruaga, the Spanish minister to the United States, and it was made in connection with the report coming from Gibraltar of the loss of the Spanish cruiser Reina Regente. The minister suggests that the vessel reported to be lost was possibly one of those that the government had ordered or was about to order to Cuba, but whether it was about to order to Cuba, but whether it was one of them he did not know positively. The Reina Regente, the minister said, was used in transporting troops and munitions of war between Cadiz, Spain, and the African ports of Tangier, Suta, and Melilla. It was considered one of the best ships in the Spanish navy.

WANTS MORE DETAILS.

State Department Investigating the Affair of the Steamer Alliance.

Washington, March 14.—Senator Muruaga, the Spanish minister, visited the state department yesterday for the purpose of presenting the position of Spain from the information now on hand, on the firing of a Spanish gunboat on the American mail steamer Alliance. The minister telegraphed for full particulars to the governor-general of Cuba and in reply received a dispatch that the cruiser which presumably figured in the affair had not yet returned, having prolonged its watch along the Cuban coast. Senator Muruaga feels only one side of the story has yet been told, but should it appear there has been any offense or indiscretion on the part of the Spanish warship, Senator Muruaga says Spain will speedily make every apology consistent with the friendship it bears to the United States. Taking the version of the affair as given by Capt. Crossman of the Alliance Minister Muruaga says it was apparent the American ship was in the jurisdictional waters of Cuba and not on the high seas.

Getting a Jury in Boodle Cases.

Milwaukee, Wis., March 14.—The trial of the almshouse conspiracy cases was begun before Judge Burnell of Oshkosh in the Municipal court yesterday. Fred Isenring, chairman of the county board, had H. J. Van Ryn, Charles Lesser, Joseph Meyers, and Hugh J. Sullivan, the architects and contractors, arrested, charged with defrauding the county out of \$10,000 by changing the specifications for the new almshouse. The whole day was spent in getting a jury and at night only six had been secured and a special venire has been called for to-day.

Hayward Witnesses Free.

Minneapolis, March 14.—The grand jury has decided not to indict George Grindall and Maggie Wachter for perjury in the Hayward murder case and they have accordingly been set at liberty. The arrests were on warrants sworn out by Blixt's attorney, and the jury, after hearing the evidence, decided that conviction would be next to impossible.

Decisive Battle Expected at Cucula.

Colonia, March 14.—The rising of Baranquilla in the Department of Bolivar has been suppressed and the leaders have been arrested. It is expected a decisive battle will be fought shortly at Cucula, in the Province of Pamplona, which town was recently captured by the rebels. The United States warships Atlanta and Raleigh and the French war ship Roland are at Colonia.

ILLINOIS SOLONS.

Measures of Importance Acted On Yesterday.

Springfield, Ill., March 14.—In the house yesterday Mr. Ferns introduced a resolution providing for the submission to the people of a proposed amendment to the constitution establishing a new judiciary system. The resolution was ordered printed and referred to the committee on judiciary. Speaker Meyer announced the appointment of the committee to investigate the convict labor system in accordance with the resolution recently adopted. Mr. White of McLean presented a report upon the Soldiers' Orphans' home from the committee to visit state charitable institutions. The children seemed healthy and happy, and an atmosphere of kind and considerate supervision pervades the institution. The committee recommended all the appropriations asked for by the trustees of the institution. The constitutional convention resolution came up as a special order. Its consideration was postponed for one week. Chairman Boyd from the committee on elections made a report in the matter of the contest of Chairman Guinn against E. P. Poindecker retaining his seat in the house. The report of the committee was concurred in. Bills were introduced as follows: Mr. Ellsworth—To promote and improve the breeding of horses by promoting exhibitions of speed, etc.; the bill limits racing to thirty days each year between the hours of 12:30 and 7:30 p. m. Mr. Greene—To provide for the election by the people of a dairy and food commissioner, who shall serve four years and who shall be charged with the enforcement of all laws against fraud and adulteration in foods, drinks, drugs, medicines and unlawful labeling; the salary of commissioner to be \$2,000 per annum; two assistants are authorized at \$1,000 per annum and traveling expenses. Mr. Klein—To fix the maximum rate to be charged for sleeping cars as follows: One entire double lower berth, \$1.25; one entire double upper berth, \$1, during a continuous trip of 400 miles, and 25 cents for every additional 100 miles. Mr. Mounts—Amending the law governing building and loan associations, providing among other things that when an association becomes insolvent the person suggested by the attorney general shall be appointed receiver. Mr. White of Whiteside—To establish the Illinois State colony for epileptics. A resolution protesting against the receiver appointed for the whisky trust by Judge Grosscup of the United States Circuit court was taken under consideration as a special order. On roll call the motion to adopt was lost by a vote of yeas, 13; nays, 29. The senate adopted the committee amendment to Senator Wall's bill fixing the compensation of members of the legislature at \$1,000 instead of 800. The following bills were introduced: Senator Leeper—To prevent extortion by loans on chattel mortgages, providing that the rate of interest be no more than 7 per cent under penalty of not less than \$50 nor more than \$200 fine. Senator Morrison—Amending the law providing for the printing and distribution of ballots. Senator Little—To establish state colonies for epileptics and providing an appropriation therefor. Senator Dunlap—Regulating warehouses for the storage of grain and prohibiting the disposal of grain without owner's consent. The senate adjourned until 10 o'clock to-day.

CONVICT THUMPS WARDEN.

Exciting Scene in a Prison Chapel Before Eight Hundred Men.

Pittsburg, Pa., March 14.—It has just become known that Warden Edward S. Wright of the Western penitentiary has been quietly resting in his private apartment at the prison since last Sunday afternoon, waiting for the bones of his nose to knit and the discoloration about his eyes to disappear. His injuries are the result of a vicious assault made by convict No. 4,444, James C. Dugan, a three-year man from Clinton county, in the chapel and in full view of 800 fellow prisoners. It is customary at these Sunday chapel services for the convicts to come forward after they close and prefer any request they have to make of the warden. Dugan came forward and sat beside the warden, asking to be restored to a certain line of work. Mr. Wright quietly told him there would be ample opportunity to discuss such a matter the next day. Dugan rose, and, quick as a flash, swung his right arm and planted his fist full against the bridge of the warden's nose, right between the eyes. The fellow then leaped and fell over the edge of the platform. Guards Edwards, Wheeler, and Griffiths seized him. He begged, in a subdued way, his sudden frenzy seemingly having departed. "Don't hit me." The 800 prisoners stood in amazement, but without the slightest manifestation of disorder. Dugan was quickly removed and the prisoners taken to their cells. It is the first time in the twenty-six years of Warden Wright's incumbency that he has been struck by a convict.

Advertising Sharks Caught.

St. Louis, Mo., March 14.—Four brothers, Frank, William, Howard, and Pitt Lloyd, were arrested last night on the charge of forgery. They claim to represent the Lloyd Publishing company of New York. On forged recommendations of wealthy society ladies of this city they induced the Women's Christian association to contract for a "souvenir annual" for the association, with the privilege of printing advertisements. They made contracts for advertising, securing checks payable to Mrs. A. H. Eilers, the secretary, whose name was forged as indorser. One confessed.

Safe Door Blown Open.

Fort Wayne, Ind., March 14.—Burglars entered the bank of Walmath & Son, at Roanoke, fourteen miles southwest of this city early yesterday and blew the safe door open with dynamite. The noise of the explosion brought a night watchman and some citizens to the scene and a fierce fight with revolvers ensued. A number of shots were exchanged, but so far as learned no one was injured. The would-be burglars escaped.

GRESHAM IS UNEASY
OVER A MASSACRETHE STATE DEPARTMENT IS
SOMEWHAT DISTURBED.

The Killing of the Colorado Italians Makes The Government's Position With Treaty Powers a Ticklish One—National Authorities Unable To Afford Protection to Foreign Citizens

Washington, March 14.—Acting Secretary of State Uhl, at the instance of the Italian legation in this city, has telegraphed the governor of Colorado for an explanation of the state of affairs there in connection with the killing of the Italians at Walsenburg, Colo. With two such instances as those of New Orleans and Walsenburg, Colo., facing them, and such affairs as the Rock Creek Springs massacre of Chinese and the killing of the Italians in New Orleans in the background, the state department make no secret of their apprehension that the United States is destined to have serious difficulty in maintaining its treaty relations with foreign nations unless congress comes to the rescue. Under our peculiar conditions the national government can only look to the state to extend protection, and if this is denied, or the measure of protection is inadequate, it can not interfere. So it is within the power of any erratic governor, or weak mayor, or even an incompetent chief of police in any city to force an issue that can be decided only by war and the fate of the whole nation may depend on the conduct of such officials. It is probable that President Cleveland will call attention to the subject at the meeting of the next congress and point out how in the absence of necessary legislation he is obliged to appeal to congress to pay out of the money raised by the whole people large sums of indemnity for outrages committed by a disorderly element in one small place.

SIX KILLED BY THE MOB.

Two More Italians Shot Like Rats in the Jail.

Walsenburg, Colo., March 14.—Four bodies are now in the hands of the coroner of Huerfano county as the result of the vengeance wreaked on the Italian miners who were charged with the killing of Abner Hixon and two more Italians unquestionably have been riddled with bullets by friends of the popular saloonkeeper. A few hours almost certainly will bring the discovery of all the bodies. Every man against whom there was the slightest suspicion of complicity in the killing has met with summary and frightful punishment. The mob's work was not completed until yesterday. After having killed three of the suspected henchmen the mob came to the county jail here. Rochetto, who had been wounded in the breast during the wagon fusillade at Bear Creek was found asleep in the calaboose with Lorenzo. The Italians begged piteously for mercy, but to no avail. One of the first shots brought relief to Lorenzo, whom the men seemed to regard with especial hatred as the officially declared murderer. Rochetto writhed and groaned in intense agony for twenty minutes before he died. He was shot full of bullets.

Indiana Solons May Be Arrested.

Indianapolis, Ind., March 14.—It is said twenty-four warrants have been issued at the instigation of Gov. Matthews against members who took a prominent part in Monday night's fight in the legislature. Private Secretary King suffered a sinking spell yesterday that greatly alarmed his family, and the doctor was hastily summoned. Mr. King rallied soon after, and throughout the day showed encouraging signs of recovery. The doctor announced last night that he believed Mr. King's recovery was now a question of time only.

Koetting Fighting for Release.

Madison, Wis., March 14.—The supreme court heard arguments yesterday on the application of John B. Koetting, ex-cashier of the South Side Savings Bank, Milwaukee, for release. The law under which he was convicted is said to be unconstitutional. The court took the case under advisement and adjourned to April 3.

Fires a Thousand Shots a Minute.

Springfield, Ohio, March 14.—A new electric gun, said to be one of the most destructive weapons recently tested, has been invented by one of the young men of the Young Men's Christian association. It is said the gun will discharge a thousand shots per minute. It is eight feet long and feeds automatically.

A KANSAS CITY FIRE
WILL COST \$350,000BIG BLAZE RAGED IN A GALE
LAST NIGHT.

Two Immense Buildings are Completely Gutted and the Loss Reaches Half a Million Dollars—Flames From a Furnace Burn a Man—Fatal Fire in a Hotel.

Kansas City, Mo., March 14.—Fire destroyed between \$300,000 and \$350,000 worth of property at Fourth and Broadway last evening. At 5:30 flames were bursting out of the windows of the big four story building at No. 410 West Fifth street, occupied by the English Supply company, dealers in engine supplies and wrought iron materials, and spread with almost incredible rapidity. One hour after it started only walls and a mass of burning debris remained to mark the place where the big building had stood. The wind was blowing a gale when the fire broke out and the flames were carried to the top of the five story brick building north, occupied by the Western Newspaper Union, and the Great Western Type Foundry. The latter building took fire and began to burn fiercely. The flames went downward through the building and the firemen were unable to check their progress. Within half an hour after attacked the walls of the Western Newspaper Union building began falling and all hope of saving it was abandoned. An hour later it was a smouldering mass. In it were a great quantity of type and type material, besides six cylinder presses. The loss in this building alone will exceed \$175,000. The English building was owned by the Kersey Coates estate and the destruction of the building and its contents involves a loss of \$250,000, \$75,000 of which is on the English Supply company's stock. The latter company carries an insurance of \$60,000.

Flashing Flames Burn Employees.

Sharon, Pa., March 14.—By the flashing of flames from the door of an annealing furnace in the Sharon iron works yesterday afternoon five employees were frightfully burned. When the flames burst forth from the furnace the men who were standing near were completely enveloped in fire. One named Strauss seemed to lose all reason and began running through the mill, his clothes all aflame. He was caught by the mill employees and their quick work saved him from being burned to a crisp.

Three Lives Lost in a Hotel Fire.

Parsons, W. Va., March 14.—At Mackeyville, six miles north of here, a disastrous fire occurred yesterday at 1 o'clock in the lobby of the hotel. Eugene Sisson, Homer Cottlett, and Squire Corley were burned to an unrecognizable mass, and Jacob Coffner, William Wilson, J. K. Williams, and James Jenkins were severely if not fatally injured. Fifteen persons escaped by jumping from windows. The dead were single men.

LOSS OF BARK RIDGEWAY.

Her Survivors Reach Port in the Antipodes—All Destitute.

Victoria, B. C., March 14.—The steamer Mlowera, just arrived from Australia, brings advices that the survivors of the wreck of the American bark Sarah S. Ridgeway of Philadelphia, bound from Newcastle to Singapore with coal, reached Bundaberg Feb. 10. The survivors comprise Capt. Spjorgren, his wife, and officers and crew, numbering eleven men. Jan. 25 the Ridgeway encountered a terrific cyclone, lasting four days. Three members of the crew were washed away and drowned. The 20th the bark went ashore on Bomena shoals, 435 miles northeast of Burnett head. They stayed there until Feb. 5, when, finding that repairs would be impossible, those aboard took to the two boats, with provisions and water. They arrived at Bundaberg utterly destitute. A conference of premiers at Hobart, Tasmania, has resulted in the drafting of an Australasian federation enabling bill, which, by arrangement, is to be submitted first to the parliament of South Wales for adoption.

SAYS IT'S GROWING.

General Master Workman of the Independent Knights Enthusiastic.

Pittsburg, Pa., March 14.—General Master Workman W. B. Wilson of the Independent Order Knights of Labor, who is in the city, is very enthusiastic over the prospects of the order. He says that originally the Knights of Labor had a membership of 75,000, and that fully two-thirds of these have joined the new organization. The only districts of any consequence remaining true to the old order are local in St. Louis, New York and Brooklyn. The first general assembly of the new Knights of Labor will be held in Washington, D. C., in January, 1896. Wilson also states that the proposed action to get possession of the property of the old order is in the hands of attorneys.

HE TOOK THE BANK'S MONEY.

With \$4,000 J. W. Patterson Left Strathroy, Ont.

Strathroy, Ont., March 14.—John W. Patterson, a clerk in the Traders' bank in this town, disappeared on Saturday night with \$4,000 of the bank's funds, which he secured during the afternoon while acting as teller. He purchased a ticket Saturday for Port Huron, where he boarded the train for Chicago and paid his fare to the conductor. Patterson is only 21 years old. The bank is fully secured by a bond in the Guaranty Company of America.

Springfield, Ill., March 14.—In the circuit court yesterday Fred Williams and Charles Allen, convicted of robbing the postoffice at Curran, were sentenced to Joliet prison for one year each. Edward Raymond, for grand larceny, was given one year in Joliet.

COURT HAS THE CASE.

Choate Closes His Argument Against Income Tax Law.

Washington, March 14.—At the opening of the session of the Supreme court yesterday Mr. Choate resumed his argument against the constitutionality of the income tax. He declared the law to be a deliberate strike, on the part of the men who voted for it, at the really rich. Mr. Choate then took up the denial by the law of any exemption to corporations, contending for uniformity in the treatment of corporations and individual persons. He characterized as "capricious" the exemption of the property of schools, churches, and similar institutions, as well as the savings banks, loan associations, and mutual insurance companies and said that a far harsher term would be justified. Mr. Choate quoted from official records to show the enormous extent of the business done by the mutual companies, declaring that there were no institutions in the land which were more noted grabbers for and hoarders of money than these mutual companies. It was 3 o'clock when Mr. Choate, after having spoken three hours yesterday and forty minutes Thursday, reached his peroration. He stopped so suddenly that the audience did not at first appear to realize that the argument in the famous case had reached a finality, and that nothing remained to determine the validity of the income tax except the decision of the court, which could not, of course, be then expected.

GOV. M'INTYRE MOVES.

He Answers Italian Consul and State Department.

Denver, Colo., March 14.—Gov. McIntyre yesterday received simultaneously from the authorities at Washington and the Italian consul at this point inquiries concerning the Walsenburg lynchings. To Washington the governor telegraphed the fullest particulars he had and promised fullest protection to all. He also said it was probable the Italians lynched were American citizens; that he had directed the sheriff to protect his prisoners and maintain order; and that he had a report from the colonel commanding the nearest place that he could put troops aboard cars in two hours.

The Italian Consul here has not been notified officially of the affair at Walsenburg. It is considered doubtful whether complications with Italy will arise, since three and possibly four of the dead men have renounced their allegiance to Italy. All is quiet at Walsenburg now.

SORRY HE SHOT WILD.

Omaha Priest Does Not Regret His Use of a Revolver.

Omaha, Neb., March 14.—The St. Paul's church fight, in which the priest Karminski shot two men Tuesday, has taken a new turn. The district court has ordered deputies to the scene to keep the anti-bishop faction in possession until it can appeal to the supreme court. Many arrests were made yesterday. Father Karminski was among the number. "I do not regret it a particle that I shot Dargaczewski," said Priest Karminski when in jail. "If I were placed in the same position again I would act in the same way, only I think I would be cooler and shot with better effect. They deserved to be killed, for they entered on my premises like robbers, with the intention of killing me, and I surely have the right to protect myself. They intended to kill me, for I have received several letters threatening my life."

More Normal Schools for Michigan.

Lansing, Mich., March 14.—The indications are that the need for additional normal schools will be supplied by the present legislature. The house committee on state affairs yesterday recommended the passage of bills which provide for the establishment of a school at Mount Pleasant and at a point in the upper peninsula to be hereafter designated. The senate passed the bill requiring corporations or individuals which receive bonuses as a consideration for locating manufacturing industries to pay back such bonuses in the event of the removal or abandonment of the whole or any material portion of the plant. The committee on taxation recommended the passage of the bill providing that the franchises of corporations, such as gas or street railway companies, be taxed as personal property at their true cash value.

Attempt to Rob an Indiana Bank.

Huntington, Ind., March 14.—Three masked men made an attempt to rob the bank of Wasmuth & Sons at Roanoke, a town ten miles east of this city, yesterday. The safe was blown open with nitro-glycerine. Christian Regedana was awakened by the explosions and rushed out of the house. His wife heard the noise and ran out screaming. This caused the robbers to leap into a buggy with a horse they had stolen, and drive away. Two hundred men are after the burglars and they are sure to get them. The burglars got nothing. The safe contained between \$15,000 and \$20,000 in money.

"Soo" Road Fare Down to 3 Cents.

Madison, Wis., March 14.—The assembly railroad committee has decided to report for passage the bill compelling the Sault Ste. Marie Railway company to sell tickets at the rate of three cents a mile instead of four, as has previously prevailed. A bill to establish a home for the feeble minded was passed. In the senate bills were passed appropriating \$72,500 additional for normal schools and providing one fifth of a mill tax to provide for a seventh normal school.

Mexico Will Not Recede Its Point.

City of Mexico, March 14.—Minister Mariscal informed Guatemalan Envoy Leon that Guatemala must recognize that indemnity is due Mexico for property destroyed during the raid on Agua, Azul, El Guano and other ranches where Mexicans were cutting and who were driven out by Guatemala's soldiers or persons disguised as such. Mexico will not recede one iota from the stand originally taken.

NEW ORLEANS WAR
FAR FROM ENDEDMILITIA ARE CALLED OUT AND
TROUBLE IS FEARED.

It Is Said That All the Street Car Employees Will Strike Tomorrow and Much Apprehension Is Felt—All Was Quiet Yesterday But Blood May Yet Be Shed.

New York, March 14.—The trouble at New Orleans is not yet over with. A private dispatch from that city was received here this morning saying that the militia had been called out and that all the street car men would strike tomorrow. The dispatch says trouble is impending, although the levee had the quiet of a graveyard yesterday. This peacefulness of the scene was largely due to the fact of the absence of the people the mobs have sought to murder. Another preventive of murder along the wharves was the presence at the armories of all the city military ready to rush to the scene of conflict the moment hostilities opened. The paralysis of the city's commerce is widespread. Along the whole river front only two vessels loaded a package of freight and both of these were handled by white union men. Not a colored laborer was seen anywhere. Gov. Foster yesterday held consultations with representatives of business interests. He ordered the entire city military force, about 1,000 strong, to be concentrated at the armories, and to be ready to march to the levee at a moment's notice. Owing to the failure of the rioters to resume active hostilities, the troops did not receive marching orders. The governor has promised protection to all steamship owners. A number of arrests of rioters have been made.

BATTLE AT CRIPPLE CREEK.

Miners Attempt to Take a Prisoner from an Officer.

Cripple Creek, Colo., March 14.—The whole Cripple Creek district is greatly excited over a lively running fight yesterday between an officer and a number of miners and former railroad men in which one man was killed and another badly injured. Constable Frank Luepton had arrested a man of the name of McQuade at Victor for participation in the railroad strikes last summer. A number of McQuade's companions objected and one man, Seth Ralston, was shot through the cheek. The officers finally got Ralston and McQuade before a justice of the peace, where both were put under \$200 bonds, which they refused to give. Luepton placed his prisoners on a train to bring them to Cripple Creek but friends of the men covered the engineer with guns, preventing the train's departure. When the constable approached the locomotive the engineer jumped off and ran. Finally the train was started, but after going a mile was stopped, ostensibly to let off some passengers. Patrick Looney and a couple of other men attempted to enter the rear car, where Luepton and his officers were. Luepton grappled with Looney and, as he was losing ground, fired. Looney was instantly killed. The prisoners were safely landed in jail here without further incident but serious trouble is expected.

TO REMOVE DISGRACE.

Frank Littlefield Attempted to Kill His Brother's Family.

Santa Ana, Cal., March 14.—A sensation has been caused at Anaheim by the voluntary surrender to the authorities of Frank Littlefield and the subsequent revelations of his act. Littlefield had attempted to exterminate an entire family by shooting first at his brother Sheldon, next at his brother's wife and then at the latter's mother, Mrs. Adams. He missed each of the human targets. The motive for the shooting is said to have been Littlefield's belief that his brother had disgraced the family by marrying Miss Adams. To clear the family reputation he proposed to kill his brother and his wife and then shoot the mother-in-law.

"Mason" Is Undoubtedly Taylor.

Pierre, S. D., March 14.—It is evident Gov. Sheldon has some important news regarding the reported capture of ex-State Treasurer Taylor of Mexico, but he will not give it out in the absence of Attorney-General Crawford, who has charge of the case. He says, however, he believes Taylor will be returned to Pierre in a short time. Color is given the report that the man Mason is the defaulter, as Taylor's mother's maiden name was Mason. State officials are of opinion that if Taylor is caught he will bring other prominent men into the scandal and that restitution to the state for every dollar will be made if the latter will release him from punishment.

Recalls the Decision.

Washington, March 14.—Secretary Smith has recalled the decision in the case of August Smith vs. The Portage Lake and Lake Superior Canal Company, covering 8,000 acres of iron and copper lands in Northern Michigan. It appears that the opinion was written, but not decided or approved by the secretary. It was sent out with a large number of other land decisions by mistake.

Whipping Post Measure Is Defeated.

Albany, N. Y., March 14.—The whipping post will not be set up in New York state unless its advocates can secure twelve additional votes to those favoring the measure yesterday. The bill was lost by a vote of 53 yeas to 57 noes. Its friends believe that the requisite twelve votes will be secured and the bill will eventually pass.

Secretary Gresham's Health Improving.

Washington, March 14.—Secretary Gresham is convalescing slowly, though his physician says he expects it will be several days before he will be able to resume his departmental duties.

MANY FARMERS SICK WITH THE NEW GRIP

SOME SCHOOLS CLOSED BY
THE NEW COMPLAINT.

South Turtle People are Compelled To Give Up Their Weekly Preaching Service And in Some Homes Several Are Laid Up at the Same Time—County News.

The new spring style of grip is quite popular throughout Rock county just now. There is hardly a home in which one or two cases are not being entertained. In many places the schools are closed and many people are suffering with "aching bones," sore throats and that well known and justly celebrated "tired feeling." Hardly a bunch of country correspondence comes to The Gazette that does not tell of from one to a dozen people being afflicted. At South Turtle the weekly preaching service has been dispensed with and the school has been closed. Mr. and Mrs. Sidney Wright were both sick at the same time, and Mr. and Mrs. Frank Hammond were called to Clinton to help nurse their parents who are both afflicted with the new form of the disease.

At South Clinton things are much the same. Frank Westby is very sick. Mrs. Lizzie Benedict and her son Frank had it at the same time, and in a former severe enough to confine them to their beds. This was also true of Mrs. Jacket and her son Elmer. Many others in many other places are also ill.

While many are thus suffering, others are engaged in more pleasant and profitable ways. The leaf trade is beginning to open up a little and buyers are doing more or less riding. "When I sell my tobacco" is the time that all hands look forward to but this year there is but scant joy when the time comes, for, as one correspondent puts it, the "prices are democratic"—that is to say below par. These and many other interesting facts are found in the correspondence that follows:

WAS A BUSY WEEK AT PORTER.

Many Are Moving—Some Farmers Sell Their Leaf—Other Items.

PORTER, March 14.—This is a busy week, as many are moving. Mr. Benash's family are moving to a farm near Koshkonong. Mr. Tracy to another near Stebbinsville, and M. Ford to what is known as the Gilbertson farm. Miss Anna Downey closed the winter term of her school in Center last Friday, while the same day William McCarthy closed his in the Van Wart district. J. J. Dooley spent a few days in Janesville last week with relatives, and attended the theater at Myers' Grand Friday evening. Measles are reported to have broken out in the Hayes family. Quite a number of farmers in this vicinity have sold and delivered their '94 crop of tobacco, the prices ranging from three to four cents per pound. Judging from these figures the evils of democracy are not yet wholly abated. Ed. Fox has moved out from his farm recently purchased of F. Coulter. His sister is keeping house for him. Dennis McCarthy was quite ill last week, but is better at the present writing. A number from here attended James Casey's auction sale near Janesville last Tuesday. Charles Briarty and sister have returned to their home near Janesville. Bud Lynch will hold an auction on his farm here on Friday of this week, he having decided to engage in business in Stoughton. The choir of St. Michael's church are talking about giving an Easter party in Fulton, on or about April 15. Webb Peters and wife are making their home here at present. Aaron Wallen, who has been very sick is reported as being better. Fred Phelps was through here this week, in behalf of the Edgerton Creamery Company. WEAK NERVES EPIDEMIC.

Weak Nerves Will Surely Break You Down

Nerves are The Very Foundation of Strength and Endurance.

If Your Nerves are Weak, Lose No Time In Getting Them Strong.

You are getting older every day, and if you do not want the unpeppery years as they roll on their relentless way, to rob you of your hopes and joys and pleasures, your ambitions, your very strength and energies, keep your nerves strong and vigorous.

It is the nerves which soonest wear out. You thoughtlessly use them up in work, pleasure or dissipation, and suddenly wake to find yourself broken down—that only your body remains, bereft of strength, energy and power, a mere wreck of what you were and with only dreariness, pain, weakness, and discontent your future portion. Then you realize the immeasurable depth of bitterness in Longfellow's lines:

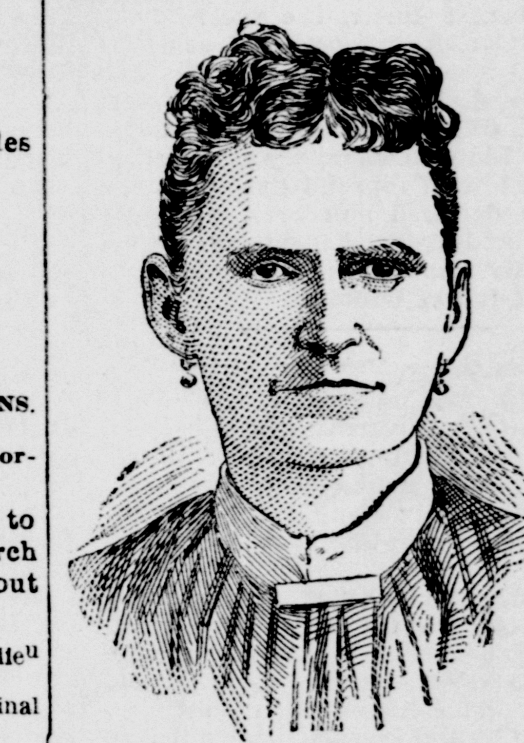

"Oh, sudden thrills of fire and frost!
The world is bright while ye remain,
And dark and dead when ye are lost."

Health, hope, happiness—everything is dependent upon strength and vigorous nerves. It is weak nerves which give to the young fits, convulsions, hysteria, St. Vitus' dance, and the myriad of nervous affections of youth. It is weak nerves which make women constantly tired, irritable, nervous, dispirited, dragged out and miserable. It is weak nerves which conquer men in their struggle for mastery in the world, which render them nerveless, strengthless, powerless, with dull-feeling head, shaking, shattered and unsteady nerves, without appetite or good digestion, enfeebled from sleepless nights and wretched and discouraged from trying days. It is weak nerves which make age a curse instead of a blessing, a body, a casket from which every power and energy has fled, leaving only weakness, despair and utter weariness.

If there is any advice, which above another should sink into the heart, it is the admonition to keep your nerves strong. Hence, the words of Mrs. Eliza C. Clements, of 126 Bright St., Indianapolis, Ind., should have weight with everyone.

"I was afflicted for six years with nervous debility. I could not sleep nights, and I was in a terrible condition. I had heart trouble, and it beat so hard I thought I should die. I was in constant misery and could do no work."

"I had heard much talk about the wonders of Dr. Greene's Nervura blood and nerve remedy, and now make up my mind to take it. I had given myself up for lost, but began to improve immediately under the use of this marvelous medicine."

MRS. ELIZA C. CLEMENTS.

"It has made me sound and well. I can work all day and not get tired. My heart disease is entirely cured, and my nerves are strong and under perfect control."

"I feel it my duty to tell suffering humanity what Dr. Greene's Nervura blood and nerve remedy has done for me, and what it will surely do for them. I am thankful that Dr. Greene has given such a valuable medicine to a suffering world."

If you would be well and strong, with vigorous nerves full of the vim and energy of youth, use Dr. Greene's Nervura blood and nerve remedy. At this season of the year you should take it, by all means, as it is the best spring tonic and invigorator you can possibly use.

It is not a patent medicine, but the prescription of the most successful living specialist in curing nervous and chronic diseases, Dr. Greene, of 35 West 14th St., New York City. He has the largest practice in the world, and this grand medical discovery is the result of his vast experience. The great reputation of Dr. Greene is a guarantee that this medicine will cure and the fact that he can be consulted by any one at any time, free of charge, personally or by letter, gives absolute assurance of the beneficial action of this wonderful medicine.

HENROTH CLAIMS

A CLEAR RECORD

DENIES THAT HE HAS BEEN HABITUALLY WICKED.

His Father is a Retired Chicago Butcher and Henroth Expects To Get Bail Soon—The Bill of Fare at the Jail—Tramps Wouldn't Saw Wood.

Edward C. Henroth, who is charged with receiving the goods alleged to have been stolen by Flynn, Crowley and Franklyn, is the son of a retired Chicago butcher. His father was up from Chicago to see him last week and Henroth expects to be able to give bail in a few days.

"The papers have not used me just right," he said to a Gazette reporter this morning.

"Lake Geneva people know me well. I lived there three years and at one time was in business for myself, buying calves and doing a commission business. My record previous to this trouble is clear. The trouble I had at that place has been exaggerated by the papers. I explained things to Mr. Lone who owned the store that was robbed, and I think that he understands it fully. I didn't know a soul at Beloit at the time the Lake Geneva store was robbed."

The bill of fare at the jail is posted up in the kitchen and reads as follows:

Monday—Beef, potatoes, bread.

Tuesday—Beef, vegetables, johnnie cake.

Wednesday—Pork, beans, bread.

Thursday—Beef, potatoes, bread.

Friday—Corn beef, potatoes, bread.

Saturday—Beef, potatoes, bread.

Sunday—Pork, beans, bread.

No butter, milk or sugar.

Plenty of water.

Durgan Butler, who is now employed as head cook, expects to resign that position soon and will enter the employ of a Beloit hotel. His successor has not yet been engaged.

"I won't saw wood" was the declaration made by a tramp who arrived at the jail from Clinton yesterday and it was made almost before he was inside the building.

"Guys you'll have to" replied the turnkey but the tramp refused. Then he whistled in the dungeon for half an hour or so and decided that sawing wood wasn't a bad job after all.

THE TOWN TALES OF DAY.

THE seriousness in The One's eyes appeared in this way: Jack had acquired a little habit of appearing weekly on certain nights, namely those which occur between the Monday of one week and the Tuesday of the next, to say nothing of the well known symptoms of which the diagnosis is, messenger boys, notes, telephone messages, pink boxes tied with gold strings and various other packages. The balance can be had in "Poets Dream", obtainable at Prentice & Evenson's.

BABY CONTEST OPEN BALLOTS IN DEMAND

MUCH INTEREST IS SHOWN IN
THE CONTEST.

Five Shares of Stock in the Rock County Building Loan and Savings Association Will be Given the Winner June 1—Value at Maturity Is \$500 and It Is Non Assessable.

The polls for The Gazette contest for the babies is now open and the ballot will be found at the close of this article and will run until June 1, when the contest will close. Much interest is centered in The Gazette's offer to present the baby who gets the highest number of votes with \$500 worth of stock in the Rock County Building Loan and Savings Association. It is a prize worth getting, for naturally it will be worth just half a thousand dollars. That will be a nice nest egg if kept at interest after maturity until the child becomes old enough to want to use it.

It will buy an education.
It will buy a building lot.
It will buy a piano and the lessons necessary to play upon it.

It is more than many people are able to save in a life time.

Of course all the mothers and fathers want it for their babe. How to get it is told below:

The polls opened this morning and will remain open until June 1. The baby that receives the most ballots in that time will receive a certificate calling for these five shares of stock. There are no dues to be paid, no assessments to be met, no installments to provide for. The stock stands for \$500 in cash and on its maturity, which will be in nine and one-third years, the money will be ready. The prize is a handsome one—it is well worth winning and the conditions of the ballot are as follows:

From March 1 until June 1, a coupon will be printed in each issue of The Gazette.

Any one, anywhere in any state is entitled to vote as often as they buy a copy of The Janesville Gazette, containing the above ballot.

Cut the ballot out (trimming on the dotted lines.) Write in the name of your candidate and enclose same in an envelope addressed to Ballot Editor, Gazette, Janesville, Wis.

Only one person can be voted for on one ballot.

The baby who receives the largest number of votes will receive five shares of stock in the Rock County Building & Savings Association cash value, \$500 at maturity.

The contest will close June 1 at 9 p. m., and the stock will be delivered as soon as the count of votes is completed.

Any non-subscriber who will subscribe for The Gazette and pay in advance will be entitled to the following number of ballots:

New subscriber paid in advance one month, 100 votes.

New subscriber paid in advance two months, 250 votes.

New subscriber paid in advance six months, 900 votes.

New subscriber paid in advance one year, 2,000 votes.

Each new subscriber who pays in advance and casts the number of votes specified is also entitled, of course, to cut coupons from the paper from day to day and vote in the regular manner.

No person will be allowed extra votes for stopping his paper and having it sent to another name at the same address.

In every instance they must be bona fide new subscribers.

No person will be allowed to stop his paper on Monday and start it again Tuesday and claim the premium offered.

No votes can be transferred from one candidate to another after being registered in this office.

Candidates must not be more than three years of age March 1, 1895, and must live in Janesville.

THE BALLOT.

The Publishers of "The Janesville Gazette" will give 5 Shares of stock in the Rock County Building, Loan & Savings Association to the Baby who receives the largest number of ballots.

A VETERAN'S VERDICT.

The War is Over. A Well-known Soldier, Correspondent and Journalist Makes a Disclosure.

Indiana contributed her thousands of brave soldiers to the war, and no state bears a better record in that respect than it does. In literature it is rapidly acquiring an enviable place. In war and literature Solomon Yewell, well known as a writer as "Sol," has won an honorable position. During the late war he was a member of Co. M, 2d N. Y. Cavalry and of the 13th Indiana Infantry Volunteers. Regarding an important circumstance he writes as follows:

"Several of us old veterans here are using Dr. Miles' Restorative Nervine, Heart Cure and Nerve and Liver Pills, all of them giving splendid satisfaction. In fact, we have never used remedies that compare with them. Of the Pills we must say they are the best combination of the qualities required in a preparation of their nature we have ever known. We have none but words of praise for them. They are the outgrowth of a new principle in medicine, and tone up the system wonderfully. We say to all, try these remedies."

These remedies are sold by all druggists on a positive guarantee, or sent direct by the Dr. Miles Medical Co., Elkhart, Ind., on receipt of price, \$1 per bottle, six bottles \$5, express prepaid. They positively contain no opiates nor dangerous drugs.

THE RESULT OF GAMBLING.

The conviction and sentence of Harry Hayward at Minneapolis, should serve as a warning to every young man who is inclined to gamble. It is an old and trite saying in business, that "any man who gambles will steal."

That this fact is recognized among business men will be apparent to any young man in any way addicted to the passion who applies for a business situation. The business and commercial world has no use for a gambler. In the case of young Hayward his passion for money, led him to deliberately plan and cause to be executed one of the most cold blooded murders ever committed. This desire to acquire something for nothing that is so prevalent in this generation, leads many young men to ruin. The gambling table, and the bucket shop offer attractive inducements, and without serious thought as to the results, the young man allows himself to be drawn into the whirlpool of vice, until with sensibilities deadened and moral perceptions blunted, he finds himself hopelessly engulfed. Harry Hayward is a fair specimen of a large class of young men who frequent the gambling dens of the country. To be sure he added to the loss of moral character, the crime of murder, yet at heart he was no more depraved than many of his associates. The demon of selfishness took full possession of him and blind to every other instinct he fell an easy victim.

The records of embezzlement and forgery, that were never more prevalent than at the present time, is another evidence of the baneful influence of this sin cursed practice that is so common throughout the country today. It is high time that a halt was called and that in some way young men should be made to realize that gambling is the most direct route to destruction that has yet been discovered. There are some things that the law cannot reach, but an honest effort should be made to suppress and abolish gambling dens wherever found. They are a menace to society and the home, and everlasting ruin to any young man who becomes ensnared in their meshes. Better for him had he never been born.

Andrew Carnegie contributes an able article to the March Forum on "What Would I Do With the Tariff"; in which he maintains that the revenue on imported articles should be confined to the luxuries. He says that if the tariff on imported luxuries, such as wine, tobacco and cigars, silks, fine woolens, &c., was doubled, that it would create a revenue sufficient to meet government expenses, and be paid without complaint by the wealthy people, who are about the only consumers of this class of goods.

The income of the government from all sources, for the fiscal year ending June 30, 1894, was about three hundred and seventy-three million dollars, while the expenses were four hundred and forty-three millions, showing an actual deficit of \$70,000,000, and this in spite of the fact that the pension roll was cut down \$40,000,000. But the country had a "change."

The Fifty-Third congress was notorious for two things, scaling pensions and inflating bonds. The \$30,000,000 taken from the old soldiers, will help out on the bond issue. There's nothing like democratic economy.

TO-DAY'S TERSE TOWN TALES

WITHOUT a doubt Brown Bros. & Lincoln have a dead end on the fine shoe trade. Their recent purchase of the well known North Shoe Co. stock has placed them in position to offer a line of custom made fine shoes at less than others have to pay, and the boys have the nerve to sell them cheap too.

Don't wait for the last call; the set of the North stock goes merrily on. We are driven from pillar to post waiting on trade and arranging the goods. Six thousand pairs of all fine shoes is a pretty big lot to get into stock at once. We will show the goods the best we can. Brown Bros. & Lincoln.

New style stiff hats \$1.50 each commencing this morning. These are the late style hats and just the same kind of hat you pay \$2.50 for in other stores, but we received a lot of them from Browning, King & Co., and they go at \$1.50. T. J. Ziegler.

The Poor Laugh.

Stock away down, fast closing out, prices make it move, now's your chance, never in the history of the tinware business have such prices existed on fine tinware. We were very fortunate in getting at the price we did as we were enabled to let you have it at a figure never before known in the tinware business of this or any other town. When did you ever know galvanized pails to sell for 12 cents each, fine slop pails 28 cents, washing machines \$1.90, clothes wringers \$1.50? Never, until our "sleepless hustler" bought that stock of tinware at a fire sale on Lake Street in Chicago.

A Storm at Sea

Increases the discomfort of the voyager. But even when the weather is not tempestuous he is liable to sea sickness. They who traverse the "oceanic waters" should be provided with Ho-tetter's Stomach Bitters, which quiet disordered stomachs with gratifying speed and certainty. To the hurtful influence of a tropic, malarious or too rigorous or damp climate, as well as to the baneful effects of unwholesome diet and bad water, it is a reliable antidote. Commercial travelers by sea or land, mariners, miners, western pioneers, and all who have to encounter vicissitudes of climate and temperature, concur in pronouncing it the best safeguard. It prevents rheumatism and pulmonary attacks in consequence of damp and cold, and it is an efficient defense against all forms of malaria. It can be depended upon in dyspepsia, liver and kidney trouble.

SALOON MAN AND STRANGER HAVE A STREET FIGHT.

Knock Down Arguments Were Used—Surprise Party For Mrs. Hollis—Funeral of John De Witt Rexford To Be Held Saturday Afternoon.

Mrs. GEORGE HOLLIS and family were treated to a surprise party at their home 58 North Bluff street last evening. The guests arrived about 8 o'clock with baskets well filled and after a supper the evening was devoted to progressive clench. During the evening a quartette composed of Charles Carpenter, Harry George, E. V. Whigam and A. H. Windish rendered a number of vocal selections to the delight of all present.

A knock down argument between a stranger and a west side saloon keeper came off on West Milwaukee street yesterday afternoon. After the saloon keeper had landed a few Corbett favorites on the jaw of the stranger, they agreed to disagree, and the belt was awarded to the saloonist.

The Knights of Pythias and their ladies will enjoy a social and dance at Castle hall this evening. POSITION OF HONOR FOR DR. SUTHERLAND

MADE A MEMBER OF THE BOARD OF HEALTH.

Nomination Was Acted Upon By The Legislature This Morning—Assemblyman Kimball's Assylum Trustee Bill Passed To a Third Reading—Fish Commissioner Valentine Is Out.

Dr. Q. O. Sutherland is now a member of the state board of health, his nomination being confirmed by the legislature this morning, and his term will expire on the first Monday in February 1902.

At the same time the appointment of Curry G. Bell of Bayfield, as a member of the state fish commission to succeed Richard Valentine of this city, was confirmed.

The position with which Dr. Sutherland has been honored, is one of considerable responsibility. The board consists of seven members, one of whom is appointed annually by the governor to serve seven years. The board elects its own officers and the members receive no compensation for their services, but an annual appropriation of \$5500 is made to cover their expenses. The secretary receives a salary fixed by the board. The law by which the board is created provides that it shall have a general supervision of the interests of the health and life of the citizens of the state and directs that they shall make sanitary investigation in regard to the causes of disease, epidemics etc. All physicians must report contagious diseases to the local boards, who, in turn notify the state board. It has charge of all matters relating to general quarantine, and in emergency can make rules and regulations for the protection of the public health, which it is the duty of all local and general officers of the state to enforce.

Dr. Sutherland succeeds Samuel C. Johnson of Hudson, whose term expired the first Monday in Feb., 1894. Assemblyman Kimball's bill to allow members of boards of supervisors to be trustees of county insane asylums was finally passed to a third reading, after a debate in the assembly this morning. The bill providing for the establishment of county and city depositories was passed. Senator McGillivray's arbitration bill, in which local railroad men have been much interested, was referred back to a committee again. Hall's anti-pass amendment was reported adversely.

BOY CLAIMED HE WAS KICKED

Pinny Wilbur Says the Street Car Man Used Too Much Force.

There seems to be a little misunderstanding as to how Pinny Wilbur, a fourteen year old son of Mr. and Mrs. Leslie L. Wilbur, came to get kicked in the face this morning and have several teeth loosened.

Young Wilbur claims that a street car motorman kicked him because he jumped on the rear platform of a car.

Wilbur's story is that his mother, who lives at 108 West Milwaukee street, over the American Express Company's office, sent him down town at 8 o'clock this morning to buy a pair of rubbers. Near Sanborn's grocery, the boy claimed he jumped on the rear platform of a passing car. The motorman, he says, saw him and walking through the car kicked him, striking him in the mouth, loosening several of his teeth and knocking him backward into the street. The boy was taken home and just what would be done about the matter had not been decided when a Gazette reporter called on Mrs. Wilbur this morning.

HORSE PLUNGED INTO A DITCH

Accident That Might Have Been Worse Happened Yesterday Afternoon.

Woodruff Smith of New York and Miss Marcia Withington met with an accident that, while it was far from pleasant might have been much worse, yesterday afternoon. They were driving on the Spring Brook road when they met a street car. The horse was frightened and becoming unmanageable, backed off into a deep ditch. The water and mud in the ditch was quite deep and both horse and carriage were effectually mired. After working unsuccessfully for some time to relieve the animal Mr. Smith sent word to town by a delivery clerk, who chanced to pass with a butcher's delivery wagon, and the liverman who owned the outfit was notified. It took two hours hard work to get the horse and buggy out of the mud, and in the meantime Mr. Smith and Miss Withington were brought back to town. Mr. Smith was thrown out when the buggy careened to one side, and landed in the mud, but Miss Withington succeeded in getting out of the buggy unharmed. The Spring Brook road is a bad place to meet a car with a horse that is not accustomed to the cars and the occupants of the buggy are very fortunate that the accident was no worse.

WELLS ARE ALL SPOUTING GAS

New Industry Opened Up By Hindes Brothers At Salem.

Hindes Brothers, of this city, opened up a new industry at Salem when they struck gas while boring Arthur Brown's well. More gas has been found since then and as a consequence excitement is running higher than ever. On the Ira Brown farm, adjoining that of Arthur Brown, a well was sunk about six months ago and at that time the same kind of a rumbling sound that was heard at Arthur's place was heard. No attention was paid to it however, since it was thought to be the rush of water. Since the gas was discovered on Arthur's place, he has been investigating the well to see if it was gas. He has found that that was exactly what it was. His well is down some 200 feet and the flow of gas is equal in every respect to that found on Arthur Brown's place.

Chief Spencer went to Madison this morning to confer on these points.

"MODEL CITY" LOTS ARE OWNED HERE

JANESVILLE MEN ARE INTERESTED IN THE NEW IDEA.

End-of-The-Century Town Founded By The Niagara Falls Improvement Company And Lots are Sold To Traveling Men Very Cheap, as an Advertising Scheme.

A novel scheme for advertising is adopted by the managers of "Model City," Niagara county, N. Y., and thereby several Janesville traveling men have become possessed of lots in that place. The company set apart five hundred lots to be sold exclusively to traveling men at \$200 each, payable in installments of \$1 per week. F. G. Loomis of this city, was one of the men who accepted the terms and visited the new town this week to pick out the property. He returned home yesterday and is enthusiastic over the idea. The plan of the company is to build a canal from a point above the Niagara Falls to a point below the falls for the generation of power. They agree to furnish forty horse power and a site free to any concern that will locate there and hold out other inducements. The town is now being laid out and Mr. Loomis says a \$20,000 block is now in the course of erection. Some of the regulations are that no saloons can be started in the city; no tenement houses can be built; electric light, gas, telephone and similar enterprises will all be constructed and controlled by the city government; no water, gas or other pipes can be laid in the streets, but all must be put down in the alleys; the city builds all sidewalks; an industrial university will be built and operated by the municipal authorities; in fact it is proposed to make it an end-of-the-century city and do away with all municipal evils. Their idea in selling lots on this liberal plan to traveling men is to get their influence and co-operation. Whether the scheme will work or not remains to be seen, but Mr. Loomis expresses himself as much pleased. He says the new town is nicely situated and as level as a floor. Work on the canal is now under way.

Adjourned Meeting.

At an adjourned meeting of the "Setters' Union" it was unanimously adopted "That the sale of the stock of the famous North Shoe Company, by the Brown Bros. & Lincoln was a death blow to Calfskin & Co., and his high-priced neighbors."

Signed,
ALPHONSE BUNGHOLE, Sec'y.
